I'm a front-end developer proficient in building high-performance web applications using React.JS with Typescript. My projects have consistently resulted in improved performance and user satisfaction. Eager to contribute to innovative software solutions with a focus on high performance as a dedicated developer.

TECHNICAL SKILLS

HTML – CSS – JavaScript – React – TypeScript – Tailwind – Playwright – Rechart – Radix

PROFESSIONAL EXPERIENCE

Frontend Developer | ExamCompassNG | Hybrid (November 2024 – Present)

Developed an interactive platform for students to practice for high school certification and university entrance exams.

- Developed responsive, user-friendly interfaces using React, TypeScript, Tailwind, and component-based architecture.
- Collaborated with UI designers and backend developers to create a seamless user experience.
- Built and optimized custom landing pages, authentication flows, and multi-page dashboards.
- Integrated APIs to fetch and display real-time data dynamically.
- Conducted testing to ensure application stability and performance.
- Actively participated in daily stand-ups, addressing challenges and proposing solutions.
- Managed tasks efficiently to meet project deadlines and milestones.

PERSONAL PROJECTS

City Scape

- A real estate web app where users can find properties for sale and rent and other amenities using React and Typescript.

Rent Luxury

- Created a car rental application where users can rent luxury cars and select pickup and drop-off dates and locations using React and Tailwind.

EDUCATION AND CERTIFICATION

B.Sc. GEOLOGY & MINERAL SCIENCE (2019 - 2024)
University of Ilorin

RESPONSIVE WEB DESIGN (July 2023)
freeCodeCamp

JAVA SCRIPT ALGORITHM AND DATA STRUCTURES (February 2024)
freeCodeCamp
